

# We all need connection.

**Partner with KVC Health Systems, and you'll be strengthening families, preventing child abuse and neglect, and helping people experience mental health wellness.** Every day you'll connect children in crisis to caring adults who can provide support, stability and love. You'll provide the opportunity for a parent to learn skills to overcome substance abuse and other challenges and for a child to heal from trauma, mental illness or other adversity.

Join us in creating a world in which every person is safe and connected to a strong family and a healthy community.

## National Impact in 2022

**312** children matched with loving adoptive families

**6,161** children matched with loving adoptive families in our agency's history

**4,634** children cared for by relative caregivers or KVC foster families

**609** children safely reunited with their parents after foster care
